In this issue: How to Draw Month!

PREVIEWS pays tribute to that DIY spirit that drives all comic book artists to create their own stories and illustrations, to not only try to be the next big thing, but to get their tales into the hands of appreciative fans. Besides a great story and characters, every comic or graphic novel needs great, unique artwork, and we're dedicating this issue once again to the theme of "How to Draw"! We've highlighted dozens of books and publications this month to help everyone from the neophyte to the old pro learn something about the art of comic art. Just look for our *How to Draw* icon throughout this issue!

FS-1 How to Draw: Terry Moore Interview

Terry Moore, beloved creator of *Stangers in Paradise* and his latest supernatural series, *Rachel Rising*, also has produced a series of How to Draw comics, sharing his knowledge and skills with everyone. And this month he's collected them all (along with new and updated material) into a collector's edition volume encompassing all of his lessons. Terry took time out of his busy schedule to speak with us about comic art, his new publication, and what lies in store for future projects from this talented writer/artist!

PREVIEWSworld.com

At first glance, *PREVIEWS* can be overwhelming because it's packed with tons of cool stuff. But there's a rhyme and reason to this mag-a-log and here's how to use it!

You now hold in your hands the latest issue of *PREVIEWS*, the monthly mag-alog dedicated to comics, graphic novels, toys and other pop-culture merchandise. If it's in your comic shop, it's in the page of *PREVIEWS*!

PREMIER COMICS BOOKS & MAGAZINES TRADING CARDS APPAREL MERCHANDISE GAMES VIDEOS

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings by easy-to-understand sections: Comics & Graphic Novels; Books; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.

How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is easy! There are **3** simple ways to order:

1 Use the Short Order Form.
Fill in with the items you'd like to order from this issue.

2 Ask for the companion Customer Order Form.
We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic ship by the due date on the cover!

3 Ask your retailer about their "Pull & Hold" service.
Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

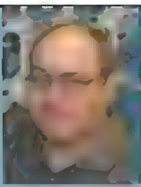
THE NEXT BIG THING...



EDITOR'S note

This month in ***PREVIEWS*** we celebrate that D.I.Y. spirit that is behind every budding comic book creator… paying tribute to those people who pick up pencil and pen, stylus or brush, and turn their imaginary inventions into sequential art. Our annual *How to Draw* month showcases a wealth of "How To" books and publications for the neophyte to the old pros, laying upon them much artistic wisdom and know-how from some of our industry's best and brightest.

And speaking of "best and brightest", over on this issue's Flip-Side, we feature our exclusive interview with *Strangers in Paradise* and *Rachel Rising* creator, **Terry Moore**! Offered this month is Terry's complete "How to Draw" series, compiled in a trade paperback, and featuring Terry's no-nonsense guides to drawing and illustration. Packed with new and updated material, ***Terry Moore's How to Draw*** trade paperback (offered on page 232) serves up plenty of tips and secrets to adding some life, and laughs, to your art.

I hope your summer was fun and filled with family and friends. September means Back to School… and hopefully your school has an Art department where students can learn to draw, and appreciate the history and craft of this creative process.

See you next month!

Your Pal @ ***PREVIEWS***,

Marty

This month's featured creators is...

JESSICA ABLE

Cartoonist and writer **Jessica Abel** is the author of two textbooks about making comics, *Drawing Words & Writing Pictures* and *Mastering Comics* (First Second Books), written in collaboration with her husband, the cartoonist Matt Madden; and the graphic novel *La Perdida* (Pantheon Books). She's also the co-writer of the graphic novel *Life Sucks*. Previously, she published *Soundtrack* and *Mirror, Window* (Fantagraphics Books), two collections that gather stories and drawings from her omnibus comic book, *Artbabe*, which she published between 1992 and 1999. She collaborated with Ira Glass on *Radio: An Illustrated Guide*, a non-fiction comic about how the radio show *This American Life* is made. Abel won the Xeric Grant, both the Harvey and Lulu awards for "Best New Talent" in 1997; *La Perdida* won the 2002 "Best New Series" Harvey Award. She teaches at New York's School of Visual Arts and is at work on a new science-fiction comic series called *Trish Trash: Rollergirl of Mars*, for Dargaud France, as well as a non-fiction comic about story and radio. Madden and Abel are also series editors for *The Best American Comics*. They live in Brooklyn, New York, with their two children, but are currently on a residency at the Maison des Auteurs in Angoulême, France.

Jessica Able, what are you currently reading?

One of the best discoveries for me so far this year has been ***Annie Sullivan and the Trials of Hellen Keller*** by Joseph Lambert. Joe has been on our radar for several years, but this is his first really substantial work, and he knocked it out of the park. His depiction of Hellen's interior world and gradual learning process is just perfect, and the portrayal of Annie Sullivan is nuanced and compelling, all of which makes for lot of narrative drama. And speaking of narrative drama, I'm also psyched to finally read the conclusion of ***RASL***, Jeff Smith's ongoing series. I've been a fan since issue one of this very tough time-travel/art-theft/scientific-history-infused adventure series, and a glance at the cover of the last issue (number 15) tells me there's more to come of the same. For my third pick I want to suggest ***The Survivalist*** by Box Brown. Box has been working in minicomics for a number of years, but he's totally proven that he's ready for the big time. This is a great story of a survivalist who is, unfortunately, proven right about the end of the world, and is left essentially alone when the big one hits, except for a woman who was outside, and is starting to show the effects. The subtle changes in the survivalist's character are masterfully handled; it's a very moving story.

MATT MADDEN

Matt Madden started self-publishing minicomics while living in Ann Arbor Michigan in the early '90s. In 1996 Madden began writing reviews for *The Comics Journal* and other publications — more recently he reviewed comics and graphic novels for *Bookforum*. His first graphic novel, ***Black Candy***, was published by Black Eye Books in 1998; his second, ***Odds Off***, was published by Highwater Books in 2001. In 2002 he was named foreign correspondent of the French avant-garde comics group, OuBaPo (the Workshop for Potential Comics). His book, ***99 Ways to Tell a Story: Exercises in Style*** (Penguin), a comics adaptation of Raymond Queneau's Exercises in Style, which has numerous foreign editions including Japan, France, Italy, and Spain, further cemented his position as a leading figure in experimental comics. Madden is based in Brooklyn NY with his wife, Jessica Abel, and their two children, but they are currently on an extended residency at the Maison des Auteurs in Angoulême, France. He teaches comics — primarily at the School of Visual Arts in Manhattan but also at schools, libraries and museums all around the world. In addition to his own books, he also translates from French and Spanish — his translation from the French of Aristophane's *The Zabîme Sisters* (First Second) was published in the fall of 2010. He collaborated with his wife on two comics textbooks, ***Drawing Words & Writing Pictures***, and ***Mastering Comics***, published by First Second. The couple are also co-series editors of ***The Best American Comics*** from Houghton Mifflin Harcourt. You'll find recent news at *www.mattmadden.com* and *dw-wp.com*.

Mastering Comics

Matt Madden, what are you currently reading?

I'm excited about the expanded reissue of Kevin Huizenga's ***Gloriana***. I first read this in its earliest minicomic edition and it remains one the most stunning comics ever made about perception, thought and belief. And it's funny, too! Though nothing is as consistently hilarious and weird as Michael Kupperman's ***Tales Designed to Thrizzle***, one of the last great indy comic book series. Issue #7 featured an extended riff on *Quincy*, Freud, and *Inception* and it looks like issue #8 is going to be the last, so get it while you can! Readers of my generation first encountered the work of French cartoonist Jacques Tardi when his bleak Scorsese-inspired story "Manhattan" appeared in *RAW* magazine, and most of us where instant life converts to his cool, gritty, darkly humorous art and storytelling. The latest book in Fantagraphics laudable translation series of his work is called ***New York Mon Amour*** and it reprints that story along with another seminal work, ***Roach Killer***, printed with an unforgettable red spot color. Tardi is a living master who is ripe for major crossover in the US. Check out the whole series of books coming out from Fantagraphics!

MARVEL PREVIEWS, $3.99, 32 Pages, Page MP-1

In the youthful idealism of our teenaged years, we have dreams. We take the world as it is – war, poverty, hunger, racism, xenophobia, all of it – and we see the world as it could be. As it *should* be. There are some who never give up on their dreams, no matter how far away the world of their dreams seems to be. Those dreamers are rare. For most, dreams give way to cynicism as they accept that the world they once dreamt of will not be achieved as the reality of the world clashes with the dream.

The X-Men are among the rare dreamers. In his youthful idealism, Professor X had a dream – a world where mutants were an accepted and welcome part of society. His first class of students – Cyclops, Marvel Girl, Iceman, Angel, and Beast, teenagers all – shared that dream. Through every struggle and every battle, they hoped for a world where humans didn't fear them.

What happens when the idealistic dreamers are confronted with the results of their dreams? Will they give up on their dreams, or will they fight even harder to make the world of their dreams come to pass? And what of the cynicism of adulthood? Can remembering the dreams of one's youth reignite their idealism, or will the reminder of the person they once were simply confirm the futility of the dreams they once held?

For the X-Men, these questions are not theoretical in November's *All New X-Men* #1 from Brian Michael Bendis and Stuart Immonen. When the first class at Xavier's School for Gifted Youngsters is pulled into the present day of the Marvel Universe and a world still reeling from the events of Avengers Vs. X-Men, the teenaged X-Men witness first-hand the world they helped to make – the battles won and lost, the compromises made, the dreams deferred and abandoned. At the same time, the adult X-Men see in their younger counterparts the hopes and the wonder they once had.

Youthful idealism and the realities of adulthood collide headlong as Bendis and Immonen relaunch the X-Men for *Marvel NOW!* in *All New X-Men* #1. The most unexpected chapter in Marvel Comics' history begins this November as two of Marvel's most accomplished creators brings the past and present together to shape the future of *Marvel NOW!* in the *All New X-Men!*

PULLED OUT OF TIME, THE CLASSIC LINE-UP OF ORIGINAL X-MEN MUST FIND THEIR PLACE IN THE PRESENT DAY OF *MARVEL NOW!*

WANT TO DRAW? LET PREVIEWS SHOW YOU HOW!

Throughout the September *PREVIEWS*, "How To Draw Month" pays homage to the do-it-yourself spirit that launched the comics industry. Where would we be today if two young lads named Jerry and Joe didn't create their own comic book? Two guys — one a writer, the other an artist — launched a genre and forged a legend. Who will be the next Siegel and Shuster? Who will create the next comic book classic?

Many creators attempt to do just that each month. Some self-publish their own comics, some create fanzines and chapbooks. Some publish webcomics. Some of these creators are noticed by publishers large or small. Some of their creations catch on with the public, and some fail. Irregardless of where they wind up on the sales charts, however, these creators all started in the same place: at the drawing board.

Like any skill, creating comic books at any stage of the process — whether writing, penciling, inking, lettering, or coloring — requires practice and technique. Creators, at any skill level, can take advantage of PREVIEWS' How To Draw Month which spotlights books that will help you become a better comics creator. Whether you choose from books like Krause Publications' *Bryan Hitch's Ultimate Comics Studio,* WW Norton's Will *Eisner's Graphic Storytelling and Visual Narrative,* Harper Collins' *Understanding Comics,* or any of the dozens more books featured with the "How to Draw" icon throughout the catalog, you will find tips and techniques that will help you to become the best comics creator you can be.

Check out these books and help your customers hone their craft as *PREVIEWS* celebrates the do-it-yourself spirit this month with our annual How to Draw Month!

THROUGHOUT THIS MONTH'S CATALOG, PUBLISHERS OFFER BOOKS THAT WILL HELP YOU CREATE COMICS AND GRAPHIC NOVELS!

His uncomplicated life shatters one morning, however, when a knock at the door to his home reveals a clone of himself in David Schulner and Juan Jose Ryp's new Image Comics series, *Clone!*

Schulner, a television writer and producer on series such as Trauma and The Event, puts Taylor in the center of a wide-ranging conspiracy that involves secret government programs, the powers of cloning, and stem cell research. A LANNISTER ALWAYS PAYS HIS DEBTS 69

Many a Westerosi has misjudged Tyrion Lannister, the Imp, due to his small stature. What they find, to their shock — and sometimes at the cost of their lives — is that this scion of House Lannister is one of the most capable foes they will ever meet! What he lacks in size and strength he more than makes up for with wits and cunning, and Dark Horse Comics brings Peter Dinklage's portrayal of the Hand of the King to life with their *Game of Thrones: Tyrion Lannister Statue!* No fan of HBO's series will want to miss out on adding the Imp to their statue collection!

BANE BREAKS BATMAN IN DC COLLECTIBLE'S NEW STATUE 142

Retired for several years, Bruce Wayne returned to battle the terrorist Bane when Gotham City was threatened in this summer's blockbuster film *The Dark Knight Rises*, and DC Collectibles' *The Dark Knight Rises: Batman Vs. Bane 1/6-Scale Icon Statue* sculpts a decisive moment in their battle for the soul of the city — the moment when Bane lifts Batman's body over his head as he prepares to break him over his knee. Sculpted by Dave Cortes and Paul Harding, this stunning statue features an amazingly life-like sculpt that will amaze any fan of the Dark Knight!

TYRION STATUE

ON SALE FEB 20
10″ high, 10.5″ across its base
Limited edition, numbered **$199.99**

When Dark Horse began developing a line of collectible sculptural pieces based on HBO's *Game of Thrones*, we discovered that we had the full attention of all involved in the production.

In looking for the best subject matter from the then-unseen season 2, we asked producer/writers David Benioff and D. B. Weiss, "What is the most 'statue-worthy' moment in season 2?"

The answer was the moment when Tyrion, as portrayed by Peter Dinklage, charges into battle, leading the defense of King's Landing against an assault by King Stannis Baratheon in the Battle of the Blackwater. They further assisted with special photographic reference taken during filming, expressly as sculpture reference for this piece, which we proudly offer for advance order.

The Hunter is the story of a man who hits New York head on like a shotgun blast to the chest. Betrayed by the woman he loved and double-crossed by his partner in crime, Parker makes his way cross-country with only one thought burning in his mind–to coldly exact his revenge and reclaim what was taken from him!

NEW PARKER FILM OUT TWO MONTHS AFTER BOOKS RELEASE!

Richard Stark (AKA Donald Westlake) was a master writer of crime fiction and Parker is arguably his greatest Creation–having been featured in more than a dozen novels and several well-regarded films (including *Point Blank* with **Lee Marvin** and *Payback* with **Mel Gibson**), and an upcoming one starring **Jason Statham** and **Jennifer Lopez** that will be released this fall.

Master storyteller **Darwyn Cooke** has won nearly every award available to comics creators. His DC: *The New Frontier* was turned into an Emmy-nominated animated feature. *The Hunter* is the first in a series of Parker graphic novels that Cooke is adapting, the first two earning the comics Auteur more Eisner and Harvey awards for his already crowded mantle.

The Pleasant penguin has long been the moral center of the Berkley-verse, and nowhere is that as abundantly clear as in his own self-named book. Aside from our waddling friend, this book contains numerous characters readers will fondly remember from the days of *Bloom County*.

This volume collects the entire run of *Berkeley Breathed's Opus*, from first to last, and features an introduction and running commentary from Breathed.

Question of the Month

"If you were stranded on an island that has formed in the Great Pacific Garbage Patch, what three items would you want with you? And one of them has to be a comic."

"All my issues of Saga, Manhattan Projects and Debris – and I would not need bags to keep them pristine, since well..."

ENORMOUS

"Tim Seeley's and Mike Norton's Revival – because its freaking awesome, duh! iPad with 4GLTE (to DL more comics and upload my own of course) Endless supply of Frosted Flakes - a man has got to eat + Tony keeps me company late @ night."

ALPHA GIRL

"Stranded on an island in the middle of a garbage patch, I'd probably need to have my laptop and a can of shark repellent. With that much pollution, I'm not convinced that sharks won't sprout legs and come ashore. If I could only have one comic, it would, hands down, be Gipi's "They Found The Car". It's the perfect comic in every way."

COMEBACK

"Water, a Swiss Army knife, and a comic book called How To Make a Boat out of Garbage."

THE THIRD DEGREE

JOE HARRIS

Joe Harris is the acclaimed writer of numerous comics, graphic novels and movies mixing horror with tales of super-heroes and the supernatural. Joe launched the Spider-Man spinoff series, Slingers, and wrote myriad other titles including Bishop: The Last X-Man. He recently begun writing the monthly Fury of Firestorm series for DC Comics. His His supernatural title, Ghost Project, was published by Oni Press He also conceived and co-wrote the screenplay for the hit Sony Pictures film, Darkness Falls and the politically-themed slasher movie and Fox release, The Tripper.

What are you working on right now?
Right now, I'm finishing up a run on FIRESTORM for DC Comics and getting ready to launch GREAT PACIFIC at Image. I'm also putting the finishing touches on a new graphic novel coming from Oni Press in 2013.

What's the best part of your job?
The steady rain of riches and glory. And not having to wear clothes to work in the morning as my home office is a 'no jacket required' zone, among other articles.

What's the worst part of your job?
Knowing that the previous answer is a lie. The riches and glory, I mean. The 'clothing optional' nature of the home office is verifiable truth.

How did you first discover comics?
Wow, there were a few different childhood events that stand out, but I think my first exposure to comics happened when my mom would take me to Stride Rite shoes to buy Zips sneakers a couple times a year and the store would give away free Archie Comics to the kids. I was maybe four years old. A few years later, I recall being chased out of a flea market vendor's shop because I'd discovered the "X-rated" comics but not the "no minors allowed" sign. Sometime after that, it was on to superheroes and G.I. Joe.

If you weren't working in comics, what would you be doing?
Making more movies, I'd hope. But probably out carousing and getting into trouble I can't afford.

What's the best thing a fan has ever said to you?
"I bought two copies!" is always nice to hear. I'm also absolutely tickled when someone brings up my first go-round in this industry. I hardly remember writing stuff like SLINGERS, to be honest. But it's cool when someone makes a point to tell me they read and liked stuff of mine when we were both much younger.

Who is the biggest influence on your work?
Overall, I'd say it's a mix of Richard Matheson and Rod Serling. Along with Bob Dylan, whose early ballads are a staggering achievement in storytelling, and John Carpenter. Eclectic list, I know. So far as comics specifically, Alan Moore and Frank Miller made me want to do this. Neil Gaiman. And J.M. DeMatteis, whose books just mesmerized me as a kid.

What is the single work of which you're most proud?
It's got to be GREAT PACIFIC. I've never written anything like this before.

Own up to one of your guilty pleasures.
I am a huge Phish fan, dating back to my teenage years. My iTunes library has about three hundred live shows in it.

What was the last comic book you bought?
I just picked up the last couple issues of SAGA.

If you could be someone else for a day, who would it be?
Mick Jagger circa 1969-1975. Or all of Motley Crüe in the 1980s.

Pick three things you couldn't live without.
My 1978 Martin D-28 guitar, my iPad, and the New York Yankees.

What's the strangest thing you have in your house?
If I told you we could both end up in jail. But it definitely does not involve human trafficking.

What makes you laugh?
Cheech and Chong movies, along with the tragically comedic stylings of the Bush Administration.

What is one of your favorite places?
Peter Luger Steakhouse in Brooklyn. I almost said Yankee Stadium. But the new house, while staggeringly cathedral-esque and cool, can't replace my memories of kicking around the old place that was recently torn down.

What music are you listening to these days?
I've been combing through the newly remastered Pink Floyd "Immersion" boxed set. Also, the Rolling Stones have been releasing a series of live shows as part of their "Bootleg" series that are great, especially "L.A. Friday, 1975". Looking forward to the new Thom Yorke album with Flea. I'm a huge Radiohead fan and the solo "Atoms For Peace" tour was awesome.

What is your favorite film of all time?
I can't just name one. Off the top of my head, Kurosawa's "The Seven Samurai," Cornel Wilde's "The Naked Prey," the first "Omen" film and "Apocalypse Now". I could easily have said "The Empire Strikes Back" and/or "Raiders of the Lost Ark". And I have a deep, meaningful love for "Rocky II". This list will change an hour from now though.

Who is your best friend?
A few different people share those duties. My childhood friend, Ryan and I used to play in bands together and still commiserate over matters both artistic and the more mundane life-type stuff. I'm also close to artist Adam Pollina, who comics fans might remember. He ushered me into this industry and we've been friends and collaborators for a long, long time now. And my brother, Eddie, whom I can always seem to count on in the ways that matter most.

What is the best advice you've ever received?
When I was sixteen and took my road test, I was so worried I failed. But when it was done and I pulled over, the evaluator guy signed my paperwork, handed it to me and said, "This is your driver license, Joe. Don't take shit from anybody."

When was the last time you were truly frightened?
Watching the GOP debates and primary battle. I'm still curled in a ball over it.

Name someone you really admire.
Franklin Delano Roosevelt.

What would you like to see happen in comics in the next 12 months?
Better sales numbers, increased readership and more original books from creators we admire. If my books fit within this magical idealism and I benefited from the wellspring, all the better. But either way...

ATOMIC ROBO: REAL SCIENCE ADVENTURES VOLUME 1 TP

Red 5 Comics

ATOMIC ROBO
REAL SCIENCE
ADVENTURES

Robo's been busy. This trade paperback marks the first collection of Robo's spin-off adventures and it's been an exciting journey so far.

Robo's exploits span nearly a hundred years and this series covers just about every decade as he travels the globe teaming with a group of monster hunters, protecting a village in WW2 China, journeying to the vampire dimension, taking on Dr. Dinosaur (again), or even teaming with Bruce Lee himself. Sounds too crazy to be all one comic series? Well that's exactly what it sounds like but it doesn't make it any less true.

As always, Robo wisecracks and then cracks skulls on his mission to keep the world safe from dangerous fringe science and the mad men who wish to wield it against humanity. A stable of unique artists have contributed to this ambitious series all written by the original *Robo* writer Brian Clevinger. *Robo* has been an indie favorite of mine for some time now, as well as many other readers out there, and now there's one more reason to join the fan club.

Writer: Garth Ennis
Cover/Art: Mike Wolfer
MR, Full Color, 176 pages

About: Critically acclaimed graphic novelist Garth Ennis and Mike Wolfer unleash an all-new kind of horror as they rip the horrors of war right from today's headlines and thrust it beyond the boundaries of sanity. Three American soldiers, the survivors of a helicopter crash in Afghanistan, struggle across the Taliban-controlled mountains. Injured and lacking food, water, and medicine, they discover something far worse than enemy fighters among the sun-bleached rocks: an ancient supernatural power, murderous and unstoppable. Despite a timely rescue by a handful of British S.A.S. commandos, they're still hopelessly outnumbered by the shambling, ragged undead and the evil human intelligence that controls them. This volume collects issues 1-7 of the series, and is available in Trade Paperback, Hard Cover, and a special Signed Hard Cover Edition (limited to 500 copies and signed by Ennis and Wolfer) all featuring covers by Mike Wolfer!

STREET FIGHTER X SANRIO: WORLD VIEW

Viz Media

One of the more exciting announcements to come out of SDCC 2012, for me, was Viz Media's announcement of two *Street Fighter x Sanrio* titles. Viz will be publishing a sticker book and a storybook based on the *Street Fighter* and Sanrio collaboration. I will be reading these books for one reason and one reason only – Hello Kitty!

To say I'm a fan of *Hello Kitty* is an understatement. I am a *Hello Kitty* connoisseur. The *Street Fighter x Sanrio* collaboration has been one of the more highly anticipated crossovers in the *Hello Kitty* universe of the past few years, and I am simply excited to see these in print.

AN INTERVIEW WITH THE MASKS #1 CREATIVE TEAM – WRITER CHRIS ROBERSON AND PAINTER ALEX ROSS

Masks is a unique project, putting together and uniting many iconic characters together in an epic storyline. What does working on so many legendary characters mean to you as a creator and as a fan?

Chris Roberson: I have been a fan of the pulp characters since I was a kid in the 1970s. It was a kind of golden age for anyone who was interested in those sorts of stories, since so many of them were reprinted and freely available to a kid in the suburbs like me. I've always wondered what would have happened if characters like the Shadow and Green Hornet were to bump into each other, or if the Spider and the Black Bat ever crossed paths. Getting the chance to write so many iconic pulp characters in one story is really a dream come true.

Alex Ross: This is a project that just had to happen at some point. The uniting of the very first masked heroes makes sense in an era where we've seen almost every other legendary character overlap. I know I've felt the strongest connection to the Shadow from my youth, having listened to records of his old radio shows and enjoying his striking image on reprinted covers. To see him united with the characters that he largely spawned the genre for is a really cool milestone.

Alex Ross is painting the entire first issue! Chris, describe your working process with Alex on this issue. And Alex, why did you choose for this project to make your return to painting interior comics?

Chris Roberson: I've been a fan of Alex's work since I saw the first issue of Marvels, years ago, and I actually have a couple of Alex's original pencil sketches framed and hanging on my wall. I still haven't gotten over the thrill of seeing the first design sketches for Masks in my email inbox, and now I've had the immense pleasure of seeing my script transmuted into gold through Alex's early layouts. I can't wait to see what the finished pages look like!

Alex Ross: Since it's been a while for me to completely illustrate a whole book, I gave a number of notes for how I'd recommend staging the meeting of the heroes and how best to take advantage of my painting a whole issue. I was hoping to get the big guns assembled right out of the gate and crossing over immediately, as well as moments of seeing the heroes out of costume, interacting. Chris has been incredibly accommodating in working with me for what I hope to illustrate, and so far it's been a blast to do. I knew for this project I wanted it to do as well as possible, and the best support I could give is to immerse myself into the story's art fully.

Now describe how the heroes in Masks functions as a group. Without giving too much away, is there a leader of the group? Should we expect any of these heroes to have clashing personalities?

Chris Roberson: These are all very strong characters who have chosen to strike out on their own and operate outside the law. But their personalities and backgrounds are very different, and many of them harbor markedly different views about their role in fighting crime. I would venture to say that several of them might THINK they are the leader of the group, but others are likely to disagree!

Alex Ross: I'm inclined to always see the Shadow as the ultimate archetype of the original mystery men, and his background of being a soldier in World War I, as well as the years he spent abroad studying to be who he is, makes him kind of the know-it-all in any group situation. I wouldn't expect easy camaraderie among these various heroes.

Do either of you have a favorite character of the group? Why is that character so important to you?

Chris Roberson: There is one new character we'll be introducing that I'm rapidly developing a distinct fondness for, but to say more than that would be to spoil the surprise! Suffice it to say that it's a new version of a very familiar character.

Alex Ross: As I keep repeating, my dedication is to working with the Shadow; I feel it's an important part of my personal history that I get to spend some time walking in the same footsteps as the artists like George Rosen, who illustrated him back in the '30s.

Masks #1 will be a must-read book for many comic fans. Tease the readers what they can expect in future issues of Masks and why they must come back for future issues!

Chris Roberson: By the end of the first issue of Masks, our heroes have come to the realization that the law has been corrupted and perverted by powerful forces, and that if they are to continue to defend the innocent, they cannot simply operate OUTSIDE the law, but have to work AGAINST it. As the following issues unfold, we'll see just how far our heroes are forced to go beyond the law in the defense of justice.

Alex Ross: More players from that era will continue to come into this grouping as the series progresses. There were quite a few costumed adventurers from the pulp era, and a great number of them are going to be represented in our story.

Rapa manages to escape from the belly of the mighty wyrm only to find herself an unsuspecting guest in a mysterious palace of the night. But what exactly are her curious hosts' intentions? Dare she stay for just one more dance?

Advanced review of DAMSELS #1 by BLEEDING COOL!

"I was pretty much sold with the cover and premise. But now I've had a chance to read the final first issue of Damsels #1. And it totally works.

"There's been a rash of fairytales-in-the-real-world of late from Fables to Grimm to Once Upon A Time, but this is not that. This is closer to Terry Pratchett's Discworld or Shrek, just not so played for laughs. We have trolls under bridges keeping the city moving, we have markets selling fairies as pets – though they can also be used as possible assassins. And rather than stories trying to play their way out, we instead have characters trying to make their own way in the world, while kings, queens and princesses get on with whatever they get on with."

Art by ***EDISON GEORGE*** • Cover by ***DIEGO LATORRE***

A Detroit teen's mystical odyssey plunges down an even darker path after he breaks out of the juvenile detention center where he'd unwillingly been placed by forces far greater than anything he could have ever imagined. Now, although free from his jail cell and the cruel indulgences of the warden, Ryan finds himself imprisoned by a prophecy that places him square in the crosshairs of a dangerous age-old conflict between the forces of light and dark. Worst of all, the one mentor he's had guiding him through a mystery he can barely conceive, may not be as noble as he seems and ultimately become the greatest danger Ryan will ever face.

MULTI-STORY BUILDING MODEL: A CHRIS WARE PORTFOLIO

(A/CA) Chris Ware

Presented as an absolutely unnecessary addendum to the already-unmanageable *Building Stories* graphic novel (Pantheon Books: October, 2012), this outrageously expensive signed limited edition print offers to the discriminating and unsocialized reader the promise of a complete 11" x 16" x 18" reference model of the multi-unit apartment building imagined therein, with the top floor represented by full furnishings, discarded clothing, one-sided conversations and even false memories. Sure to one day be a collector's item when flammable tinder is at a premium, be prepared to start your post-apocalyptic campfire now with this 13 sheet collection of dry technical drawings, paper thin walls and cramped psychological spaces. Signed and numbered, limited edition. (STK516103)

Working directly in pen and ink, watercolor, and white-out whenever he makes a mistake, Ware has cannily edited out all legally sensitive and personally incriminating material from his private journals, carefully recomposing each page to simulate the appearance of an ordered mind and established aesthetic directive. Included are Ware's frustrated doodles for his book covers, angry personal assaults on friends, half-finished comic strips, and lengthy and tiresome fulminations of personal disappointments both social and sexual, as well as his now-beloved drawings of the generally miserable inhabitants of the city of Chicago. ROOKIE YEARBOOK ONE SC

(W) Lena Dunham & Various

Last year when Tavi Gevinson was 15, she launched *ROOKIE*, a website for girls like her: teenagers who are interested in fashion and beauty but also in dissecting the culture around them through a uniquely teen-girl lens. *ROOKIE* broke one million page views within its first six days. Lady Gaga called her "the future of journalism." Tavi's cool-headed intellect shines in *ROOKIE*, arguably the most intelligent magazine ever made for a teen-girl audience. She writes with a humble but keen authority on such serious topics as body image, self-esteem, and first encounters with street harassment. *Rookie Yearbook One* collects articles, interviews, photo editorials, and illustrations. THE WAYSIDE HC

(W/A/CA) Julie Morstad

Julie Morstad has long excelled at illustration, often working in tandem with children's writers, but in *The Wayside*, the storytelling potential of her fantastical pictures is fully realized. The work found herein combines the delicate line of Edward Gorey with the color palette of Marcel Dzama, and emerges as something utterly unique, a combination of the two with the spirit of Virginia Woolf. Dramatic, poetic, heavy with symbolism, Morstad's drawings speak for themselves, exploring femininity, identity, and personal mythologies that interested her in her first Drawn & Quarterly book, *Milk Teeth*. MY LITTLE PONY: FRIENDSHIP IS MAGIC #1

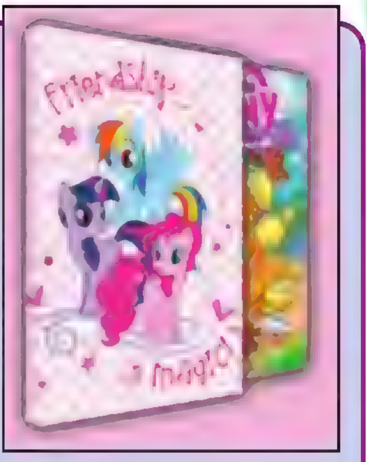
IDW Publishing



OMG ponies! OMG Katie Cook! Just OMG! For awhile I've been wondering "where's the *My Little Pony* comic? Who is going to jump on this hot commodity?" Well the answer is here…IDW Publishing announced at this past San Diego Comic Con they are going to be publishing a series based on The Hub's popular animated series.

There are 6 main covers to the series – Twilight Sparkle, Rainbow Dash, Rarity, Fluttershy, Pinkie Pie, and Applejack. I'm at odds with myself trying to decide which cover I want: Pinkie Pie or Twilight Sparkle. That's like trying to decide which of your children you like best.

Speaking of children…I am also a huge fan of Katie Cook so seeing her as the writer of this series excites me to no end. Part of my Friday thrill is seeing the newest post of her webcomic, *Gronk: A Monster's Story*. I love Katie Cook. I love ponies. I love IDW for bringing *My Little Pony* to print.

DIGESTATE: A FOOD AND EATING THEMED ANTHOLOGY GN

Birdcage Bottom Books

Hang around this industry long enough and you'll find that our generation of starving artists harbors more than its fair share of foodies. Kickstarter-funded anthology *Digestate* is a testament to just how fascinating and complicated our relationship with food has become, from family recipes to the ethics of slaughterhouses.

As someone with both *Best American Comics* and *Best American Food Writing* on her shelf, I can't wait to peruse tasty contributions from indie creators like Jeffrey Brown, Marc Bell, Alex Robinson, Noah Van Sciver, Liz Prince, and Renee French, not to mention 50 other talented creators, curated by editor J.T. Yost. Be sure to pre-order this collection through your local shop. Food hasn't packed this kind of visual punch since the iconic Campbell's label hit shelves.

TUNE: VANISHING POINT SC
(W/A/CA) Derek Kirk Kim
Andy's life is going nowhere, fast. He left art school with his career all worked out ahead of time, but to say it didn't work out is the understatement of the century. Unemployed and living with his overbearing parents, Andy struggles to keep sight of the lofty goals that once drove him. But it's hard, even when he reconnects with his old art school crush, Yumi. Things look better, briefly, with Yumi back in the picture and an actual job offer on the table. But then Andy takes the job offer — to work at a zoo — and finds himself in an alternate dimension. The zoo? Is run by aliens. The exhibit? Is him. (STK515952) (C: 0-1-1)

MARBLES: MANIA, DEPRESSION, MICHELANGELO, & ME: A GRAPHIC MEMOIR

(W/A/CA) Ellen Forney

Certified Cool

Shortly before her 13th-birthday, Ellen Forney was diagnosed with bipolar disorder. Flagrantly manic and terrified that medications would impair her creativity, she began a years-long struggle to find mental stability while retaining her passions and creativity. Forney finds inspiration from the lives and work of other artists and writers who suffered from mood disorders, including Vincent van Gogh, Georgia O'Keeffe, William Styron, and Sylvia Plath. She also researches the clinical aspects of bipolar disorder and what studies tell us about the conundrum of attempting to "cure" an otherwise brilliant mind. Forney's memoir provides a visceral glimpse into the effects of a mood disorder on an artist's work. THE ADVENTURES OF THE PRINCESS AND MR. WHIFFLE SC

(W) Patrick Rothfuss
(A/CA) Nate Taylor

The Adventures of the Princess and Mr. Whiffle is a dark twist on the classic children's picture-book. I think of it as "*Calvin and Hobbes* meets *Coraline*," with some Edward Gorey mixed in. Simply said: This is not a book for children. It looks like a children's book. It has pictures. But all of that is just protective coloration. The truth is, this is a book for adults with a dark sense of humor and an appreciation of old-school faerie tales. There are three separate endings to the book — one ending is sweet, another horrible, and the last with teeth. (STK464815) (C: 0-1-2)

BARNABY VOLUME 1 HC

Fantagraphics Books

Before there was Timmy Turner and Cosmo and Wanda there was the original fairy godparent, the original Mr. Jackeen J O'Malley and Barnaby Baxter. I first discovered the adventures of Mister O'Malley and Barnaby in an old hardcover found at a Brandeis book fair as I was hunting for copies of old *Pogo* books.

The relationship between Barnaby and Mr. O'Malley made you wonder who was helping who as O'Malley wasn't quite all there with his magical help for Barnaby. I get the same enjoyment reading *Barnaby* as I do when I'm rereading *Sugar and Spike*. The characters and their stories are just so damn good, and this is a true all-ages book.

This new edition of *Barnaby* from Fantagraphics Books will be one I can't wait to add to my collection. I know the quality and care will be put into this edition just like they have done with *Peanuts* and other classic comic strip collections. While not exactly George Bailey and Clarence, reading Fantagraphics' *Barnaby* is part of a truly wonderful life.

ALEX TOTH'S ZORRO: THE COMPLETE DELL COMICS ADVENTURES HC

Hermes Press

If I had to pare my list of favorite comic book artists down to my top five, Alex Toth would be number one followed by Sheldon Mayer, Joe Kubert, Steve Ditko, and Jack Kirby. I've been collecting comics with Toth's work for years, and if you had to associate Alex Toth with any comic book character odds are that would be Zorro.

In the Hermes Press *Zorro: The Complete Dell Comic Adventures*, these classic stories reprint Toth's work as it was originally presented during one of the high points of his career. The coloring works with the art and only serves to showcase the storytelling, design and power of Toth's work. Here is a chance to read and see the work of Alex Toth without searching through boxes after boxes I did at conventions over the years. Hermes Press does justice to these comic stories done by the king of comic book curmudgeons, Alex Toth.

This exuberant and beautifully produced book juxtaposes the secret art of Dr. Seuss (Theodor Geisel) with his iconic children's art. This volume juxtaposes Geisel's "Midnight Paintings" with his best-loved children's books because this was how Dr. Seuss constructed his creative life — his days devoted to literature for children, his nights to letting his mind and palette wander to even stranger shores. HORROR COMICS IN BLACK & WHITE: A HISTORY AND CATALOG 1964-2004 SC

(W) Stephen R. Bissette, Richard J. Arndt

In 1954, the comic book industry instituted the Comics Code, a set of self-regulatory guidelines that effectively banned genuine horror coimcs. Because the Code applied only to color comics, many artists and writers turned to black and white to circumvent the Code's confines. With the 1964 publication of *Creepy* #1 by Warren Publishing, black-and-white horror comics experienced a revival that continued into the early 21st century. This work offers a comprehensive history and retrospective of the black-and-white horror coimcs that flourished on the newstands from 1964 to 2004. (STK516248) (C: 0-1-2)

SUPERMAN IS JEWISH? HC

(W) Harry Brod

In *Superman Is Jewish?* Harry Brod reveals the links between Jews and superheroes in a penetrating investigation of iconic comic book figures. He describes how the role of each hero reflects the evolution of the Jewish place in American culture — an alien in a foreign land, like Superman; a figure plagued by guilt for not having saved his family, like Spider-Man; outsiders persecuted for being different (X-Men); a nice, smart guy afraid people won't like him when he's angry (the Hulk). Brod blends humor and sharp observation as he considers these well-known figures' overtly and discreetly Jewish characteristics and talks about how their creators integrated their Jewish identities and their creativity. RAIDERS! THE STORY OF THE GREATEST FAN FILM EVER MADE HC

(W) Alan Eisenstock

In 1982, in Ocean Springs, Mississippi, Chris Strompolos, aged 11, asked Eric Zala, 12, a question: "Would you like to help me do a remake *Raiders of the Lost Ark*? I'm playing Indiana Jones." And they did it. Every shot, every line of dialogue, every stunt. They borrowed and collected costumes, convinced neighborhood kids to wear grass skirts and play natives, cast a 15-year-old as Indy's love interest, rounded up seven thousand snakes (sort of), built the Ark, the Idol, the huge boulder, found a desert in Mississippi, and melted the bad guys' faces off. It took seven years. Alan Eisenstock's *Raiders!* is the incredible true story of Eric Zala and Chris Strompolos, how they realized their impossible dream of remaking *Raiders of the Lost Ark*, and how their friendship survived all challenges. The Time Tunnel was by no means a superb product of Friday night entertainment. If the plot holes were not as large as the tunnel itself, viewers noticed the same props from Allen's other television programs popping up on the show. This book documents the entire history of the program, the origin and conception of the series, why it never ran a second season, almost 200 never-before-published behind-the-scenes photographs, and a detailed episode guide. LANDMARK PEOPLE & EVENTS: STEVE GEPPI

Though personally in the comics business longer that I with his retail stores, Steve Geppi's Diamond Comics Distributors also celebrate their 30th Anniversary this year. I first met Steve during one of the Diamond "gatherings" they held in Orlando, FL in the early '80s. The day after the event, Steve along with many of his staff, all went for a day of fun and games at Disney World. The mutual respect and friendship between Steve and his staff was quite charming and impressive. He created a team that could both work and play together. Over the years we cultivated a incredible relationship on both the business and personal levels. Thanks to Steve, I've watched the Orioles play (though not necessarily win), many times at Camden Yard from the front row seats on the first base line. Now that's the way to watch a game. Over the years I was introduced to many of Steve's business associates, his collector buddies as well as his family and personal (away from the comics biz) friends. Having Steve as a role model in business and as a friend, was ideal. More important was how Steve conducted his business. His passion for comics gave him an advantage over many of the traditional investors and business owners he was dealing with at his level. Thanks for all you help. See you in Little Italy.

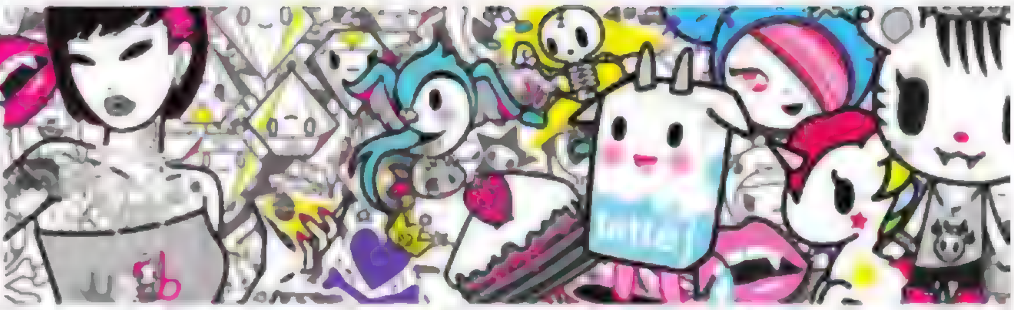
tokidoki



TOKIDOKI means "sometimes" in Japanese. I chose a Japanese word because I love Japan. I love everything from the ultra modern happy face of Shibuya to the serious magic silence of Kyoto. I chose "sometimes", because everyone waits for moments that change one's destiny. By simple chance or meeting a new person, tokidoki is the hope, the hidden energy everyone has inside that gives us the strength to face a new day and dream something positive, that something magical will happen to us.

For a century the mighty Lord of the Jungle has captured the hearts and the imagination of people of all ages who love action and adventure.

In this special Centennial Anniversary statue, internationally acclaimed artist Joe DeVito captures the rugged essence of Edgar Rice Burroughs' creation: Tarzan's perfectly coordinated form, sculpted by nature, radiates power and animal grace. His blade, as always, is ever ready to protect and defend his beloved realm and its animals from all who would harm it.

Intertwined in the base that supports Tarzan, we see the key characters in his saga: Jane, the love of his life; Kerchak, his mortal enemy; D'Arnot, who introduced him to European civilization; and his noble jungle companions, Tantor the elephant and the Golden Lion. Riding a trusted vine, secure in his iron grip, the Jungle Lord symbolically arcs with them into a new century.

This Centennial Edition statue of TARZAN OF THE APES brings to vibrant life, in three kinetic dimensions, the spectacular hero that Edgar Rice Burroughs created in literature so many years ago.

BORDERLANDS 2

BORDERLANDS 2 OST CD

Award-winning composers Jesper Kyd, Cris Velasco and Sascha Dikiciyan have created the genre-bending musical score for the highly anticipated RP/Shooter video game, *Borderlands 2*, from Gearbox Software and 2K Games. *Borderlands 2* is the sequel to the multi-million selling cooperative shooter-looter that combined intense first-person mayhem with role-playing gameplay. HALO 2 OST CD

With video-game soundtracks developing into a full-fledged genre of their own, the meticulous re-mixing, compiling, and production on 2004's *HALO 2* heralded the trend. Re-worked versions of the video game's original theme music by Michael Salvatori and Marty O'Donnell take up the bulk of the album, with an overall sound that owes a debt to contemporary electronica, New Age ambient, 1970s stadium rock, and orchestral music alike. The surging, cinematic vibe of *HALO 2*'s original score offsets the alternative-rock and metal acts that populate the rest of the set list. (STK516660) (C: 0-1-3)

TRANSMETROPOLITAN: ALL AROUND THE WORLD ART BOOK HC

CBLDF

Warren Ellis' Transmetropolitan series is a mind-bogglingly irreverant sci-fi escapade. The original series rightly focused on the jaw-dropping story, but the world built up to support the characters is endlessly fascinating—the perfect topic for a 100+ artist art-jam! A sleek, limited edition HC with slipcover, this volume contains 150 pages of beautiful full-color art by some of the leading lights in the comics media. Collecting a stellar array of talents: everyone from Milo Manara to Transmetropolitan's original artist Darick Robertson, was no mean feat! CBLDF recruited far and wide for artists to donate to this officially licensed compendium.

Comic Book Legal Defense Fund is publishing this product and all proceeds benefit its non-profit organization that has defended the rights of creators and readers since 1986. CBLDF fights censorship by advising individuals wrapped up in comics-related court cases, by reviewing legislation for bills that will infringe on first amendment rights, and by raising awareness and funds to oppose forces, societal and legal, that silence the artistic voice of our industry. If you buy one of these books, you not only get incredible Transmetropolitan art, you also stand with the CBLDF.

THE LEGEND OF ZELDA: HYRULE HISTORIA HC

DARK HORSE COMICS

Ask any Nintendo fan what their favorite *Legend of Zelda* videogame is and you're likely to get a different answer. It's not that we're an indecisive bunch, it's just that they are simply that good. And let's face it, with nearly twenty games from 1986 to 2011 we have a lot to choose from.

But with so many games in the series, which came first? Fans of the series have debated for years crafting theories about the chronological order of *Zelda* games with as much vigor as *Star Wars* fans arguing about Han and Greedo. Now, series creator Shigeru Miyamoto and other designers are on hand to provide context to the chronological order and historical significance of each game in the series and set the record straight.

Published for the first time in English, *The Legend of Zelda: Hyrule Historia* is a must-have for any Nintendo fan longing to save that princess just one more time.

MY LITTLE PONY: FRIENDSHIP IS MAGIC #1

IDW PUBLISHING

OMG ponies! OMG Katie Cook! Just OMG! For awhile I've been wondering "where's the *My Little Pony* comic? Who is going to jump on this hot commodity?" Well the answer is here...IDW Publishing announced at this past San Diego Comic Con they are going to be publishing a series based on The Hub's popular animated series.

There are 6 main covers to the series - Twilight Sparkle, Rainbow Dash, Rarity, Fluttershy, Pinkie Pie, and Applejack. I'm at odds with myself trying to decide which cover I want: Pinkie Pie or Twilight Sparkle. That's like trying to decide which of your children you like best.

Speaking of children...I am also a huge fan of Katie Cook so seeing her as the writer of this series excites me to no end. Part of my Friday thrill is seeing the newest post of her webcomic, *Gronk: A Monster's Story*. I love Katie Cook. I love ponies. I love IDW for bringing *My Little Pony* to print.

DIGESTATE: A FOOD AND EATING THEMED ANTHOLOGY GN

BIRDCAGE BOTTOM BOOKS

Hang around this industry long enough and you'll find that our generation of starving artists harbors more than its fair share of foodies. Kickstarter-funded anthology *Digestate* is a testament to just how fascinating and complicated our relationship with food has become, from family recipes to the ethics of slaughterhouses.

As someone with both *Best American Comics* and *Best American Food Writing* on her shelf, I can't wait to peruse tasty contributions from indie creators like Jeffrey Brown, Marc Bell, Alex Robinson, Noah Van Sciver, Liz Prince, and Renee French, not to mention 50 other talented creators, curated by editor J.T. Yost. Be sure to preorder this collection through your local shop. Food hasn't packed this kind of visual punch since the iconic Campbell's soup hit shelves.

BARNABY VOLUME 1 HC

FANTAGRAPHICS BOOKS

Before there was Timmy Turner and Cosmo and Wanda there was the original fairy godparent, the original Mr. Jackeen J O'Malley and Barnaby Baxter. I first discovered the adventures of Mister O'Malley and Barnaby in an old hardcover found at a Brandeis book fair as I was hunting for copies of old *Pogo* books.

The relationship between Barnaby and Mr. O'Malley made you wonder who was helping who as O'Malley wasn't quite all there with his magical help for Barnaby. I get the same enjoyment reading *Barnaby* as I do when I'm rereading *Sugar and Spike*. The characters and their stories are just so damn good, and this is a true all-ages book.

This new edition of *Barnaby* from Fantagraphics Books will be one I can't wait to add to my collection. I know the quality and care will be put into this edition just like they have done with *Peanuts* and other classic comic strip collections. While not exactly George Bailey and Clarence, reading Fantagraphics' *Barnaby* is part of a truly wonderful life.

ALEX TOTH'S ZORRO: THE COMPLETE DELL COMICS ADVENTURES HC

HERMES PRESS

If I had to pare my list of favorite comic book artists down to my top five, Alex Toth would be number one followed by Sheldon Mayer, Joe Kubert, Steve Ditko, and Jack Kirby. I've been collecting comics with Toth's work for years, and if you had to associate Alex Toth with any comic book character odds are that would be Zorro.

In the Hermes Press *Zorro: The Complete Dell Comic Adventures*, these classic stories reprint Toth's work as it was originally presented during one of the high points of his career. The coloring works with the art and only serves to showcase the storytelling, design and power of Toth's work. Here is a chance to read and see the work of Alex Toth without searching through boxes after boxes I did at conventions over the years. Hermes Press does justice to these comic stories done by the king of comic book curmudgeons, Alex Toth.

ATOMIC ROBO: REAL SCIENCE ADVENTURES VOLUME 1 TP

RED 5 COMICS

Robo's been busy. This trade paperback marks the first collection of Robo's spin-off adventures and it's been an exciting journey so far.

Robo's exploits span nearly a hundred years and this series covers just about every decade as he travels the globe teaming with a group of monster hunters, protecting a village in WW2 China, journeying to the vampire dimension, taking on Dr. Dinosaur (again), or even teaming with Bruce Lee himself. Sounds too crazy to be all one comic series? Well that's exactly what it sounds like but it doesn't make it any less true.

A stable of unique artists have contributed to this ambitious series all written by the original *Robo* writer Brian Clevinger. *Robo* has been an indie favorite of mine for some time now, as well as many other readers out there, and now there's one more reason to join the fan club.

STREET FIGHTER X SANRIO: WORLD VIEW

VIZ MEDIA

One of the more exciting announcements to come out of SDCC 2012, for me, was Viz Media's announcement of two *Street Fighter x Sanrio* titles. Viz will be publishing a sticker book and a storybook based on the *Street Fighter* and Sanrio collaboration. I will be reading these books for one reason and one reason only – Hello Kitty!

To say I'm a fan of *Hello Kitty* is an understatement. I am a *Hello Kitty* connoisseur. *The Street Fighter x Sanrio* collaboration has been one of the more highly anticipated crossovers in the *Hello Kitty* universe of the past few years, and I am simply excited to see these in print.

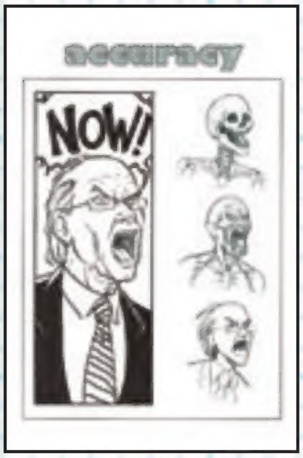
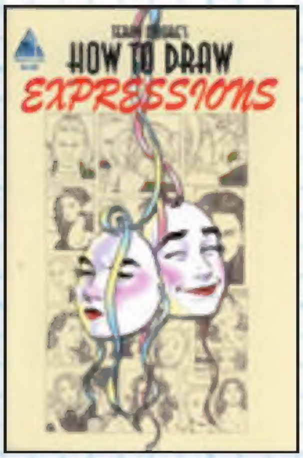
Terry Moore's
HOW TO DRAW
5 Lessons For The Serious Comic Artist





How did you learn your craft? School or self-taught?

Terry Moore (TM): Self-taught. Which means I have seen my share of random life-drawing classes and read every art book I saw, but ultimately solved the problems of skill and style by drawing my way towards the solutions.

What made you first decide to share your skills and knowledge of creating comic art with others?

TM: It just got to the point where it was selfish not to share. For 20 years I've spent every day thinking about comic art, working the problems you encounter, noting what everybody else was doing. Then I go out to shows and talk to young artists and amateurs and they are where I was, 20 years ago. I have to share what I know. It's not right to keep my mouth shut-it's like not helping others.

How did you first approach breaking down what you've learned over the years about drawing, and how best to present it to your audience?

TM: I looked at my strengths-the only areas where I have anything original to offer: women, expressions, sexy (which I diplomatically called beautiful), funny, and finally, the craft of making comics themselves. These are the categories that people point out in my art. So I designed a chapter on each one and focused on what I was doing that couldn't be found in other How To books. All artists have a collection of How To Draw books, right? So we don't need another book explaining the basics. I focused on what to do after you've read the basic books. It's Art 401.

Has the material originally presented in your series of How to Draw one-shots been updated or enhanced for the publication of Terry Moore's How to Draw?

TM: Edited, for sure, to correct and enlighten points. I beefed up a couple of sections.

Was there any exclusive material created for this publication?

TM: Yes. Although I have a mountain of art to pull from for this kind of thing. Whatever I talked about, I usually had an example somewhere. But there were some things, like the expressions exercises, that were drawn up to match the lesson exactly.

What is your first and best advice for anyone hoping to become a working artist?

TM: Your style is the key. If you accept that all working artists can draw well-and you get through everything it takes to accomplish that-then what picks you out from a crowd of very good artists is your style. Notice that all the top artists, the ones you can name, they all have a distinctive style that sets them apart from others. But their imitators are NOT popular. Everybody wants Jim Lee, Adam Hughes, Jeff Campbell, Bruce Timm... nobody wants one of their clones. It's a tough lesson for young artists who tend to adore the art of someone in particular. Having to shake that influence and find their own look is not easy. But it is necessary and it's a very deliberate task. Read about how Bruce Timm did it. You'll be inspired.

Rachel Rising has really found its audience. What was your inspiration for the series?

TM: Umm, I'd have to say it's part fan love for the old horror classics, Hitchcock and David Lynch. And just a desire to write in a fascinating genre. I mean, anything goes, right? I don't have to stay grounded and down to earth, which is hard for me anyway. My mind wanders, often to dark, worst-case scenarios. So I write that down and draw it. A comic is born.

Do you have a definitive ending in mind for Rachel Rising, or is it more or less an open-ended series?

TM: In my mind, Rachel is an open-ended series. I know how to make it go on and on. But that is not practical so I will only capture the first story arc in this series, then end it, somewhere between 24 and 30. If fans want more, they will have to let us-me and the retailers, know.

Do you have any plans or desires to revisit the world of Strangers in Paradise?

TM: Yes. Next year is SiP's 20th anniversary, so I'm going to release a very large Treasury Edition that covers the entire series with commentary and behind the scenes stories. Also, I'll release a new story in a Strangers In Paradise novel.

Any other upcoming projects in the works?

TM: The focus is on Rachel Rising and the SiP novel. That will keep me busy for awhile!
